And The Winner Is....

We're thrilled to announce client Englewood Construction has won the 2011 Construction Writers Association (CWA) Website & Electronic Communications Award for its blog HardHatChat.com. Englewood Construction will receive the award at the 2011 CWA Annual Conference, CONNECTED, in San Antonio, on Oct. 25. We launched Hard Hat Chat in late 2009 to give Englewood the forum to share insights on commercial construction, development and management. Congratulations Englewood!
